## PROFILE

I work as a WordPress and backend developer, with experience in building websites using PHP, Laravel, and MySQL. I focus on creating clean, responsive websites that work well for users and are easy to manage for clients.

## WORK EXPERIENCE

### GriffinsTech

2024 - PRESENT

#### Laravel Developer

- Designed and developed multiple dynamic forms for admin dashboards
- Built a complete feedback system including service ratings, suggestions, and user recommendations
- Implemented Eloquent relationships to manage linked data across multiple tables
- Created APIs and admin-side interfaces to retrieve and manage form submissions

### WordPress Developer

2024 - PRESENT

- Designed and developed custom WordPress websites using themes.
- Integrated third-party plugins and performed debugging to improve performance
- Assisted in content updates, security enhancements, and cross-browser compatibility

## EDUCATION

### Bachelor in Computer Science

2020 - 2024

Riphah International University
